github.com/MukhyapranaGB Vijayapura, Karnataka

Objective

Computer Science Engineering student skilled in C, Java and Python, with a strong foundation in data structures, algorithms, and software development. Seeking to apply analytical problem-solving and SDLC principles to build scalable, reliable software solutions, optimize application performance, and deliver technology solutions that solve real-world business challenges.

Education

- **BLDEA'S V. P. Dr. P. G. Halakatti College Of Engineering & Technology** *2023-2027*
  B.E in Computer Science and Engineering. Vijayapura, Karnataka
  - **CGPA:** 8.9
- **Tungal Independent P. U. Science College** *2021-2023*
  Pre-University Education Vijayapura, Karnataka
  - **Percentage:** 96.5%
- **Secab English Medium High School** *2020-2021*
  Secondary School Education Navaraspura, Vijayapura, Karnataka
  - **Percentage:** 95.36%

Skills

- **Programming Languages:** Java, Python, C
- **Core Skills:** Data Structures & Algorithms, OOP, DBMS, SQL, CN, OS, SDLC
- **Development Skills:** HTML, CSS, ReactJS, Typescript,NodeJS,Git, GitHub
- **AI & Data Science:** Artificial Intelligence, Machine Learning, Data Analytics, Pattern Recognition
- **Professional Skills:** Problem Solving, Analytical Thinking, Communication, Team Collaboration, Adaptability, Time Management

Projects

• **ToolWeave: AI API Orchestration Platform** 2026
Tools: Python, OpenAPI, MCP, OAuth2, REST APIs, SSE
- Integrated OpenAPI specifications into callable MCP tools across 3 transport modes: stdio, SSE, and Streamable HTTP; supported 2+ API servers through configurable endpoints and reusable AI-agent integrations.
- Configured 3 API credential approaches: custom headers, username/password, and OAuth2; documented 2+ deployment patterns for local and remote API access, enabling reusable tool integration without custom wrappers per API.

• **PulseArena: Real-Time Sports Event Platform** 2026
Tools: React, TypeScript, Node.js, Express, PostgreSQL, WebSockets,Zod
- Built REST APIs for 2 core resources (matches and commentary), supporting 3 match states and PostgreSQL persistence; implemented paginated retrieval with documented limits of 50 matches and 100 commentary entries per request.
- Engineered WebSocket subscriptions with a 50-subscription-per-client cap, 10 messages/sec rate limit (20-message burst), and 1 MB payload/backpressure thresholds; added heartbeat handling and Zod validation for real-time event delivery.

Experience

Web Development Intern - Acmegrade *Apr 2025 - Jun 2025*
• Developed 3 responsive web pages using HTML, CSS, JavaScript, and Bootstrap; integrated REST APIs and performed debugging and testing using Git.

GenAI Powered Data Analytics Job Simulation – TATA *Nov 2025*
• Applied GenAI tools to analyze business datasets, derive actionable insights, and present findings using structured data-analysis and problem-solving techniques.

Achievements & Certifications

- Oracle Certified AI Foundations Associate. *Aug 2025*
- Web Development Workshop Certification – Tech Fest, IIT Bombay. *Dec 2024*
- Runner-up, Technical Quiz – College, receiving a *Rs.*1,500 cash prize. *Mar 2026*

Additional Information

Languages: English, Kannada, Hindi.
Interests: Chess, Mathematics,Matiks.
